

Activities

The Activities Department is the hub of activity & social gatherings. The department is fundamental in the development & implementation of activities & celebrations that take place in the home. The department's focus is to preserve & enhance the everyday well-being & quality of life of the residents. The monthly activity calendar is provided to all residents posted in the hallway by the dining room.

Religious services are held weekly in the Home, alternating among the various Denominations. Consideration is also given to other cultural/ spiritual needs and steps are taken to facilitate these ceremonies,

Dietary

Good nutrition is vital to improve health, optimum recovery & enhanced quality of life. A Registered Dietitian visits The Home & there is a Manager of Food Services on staff who is part of the Health Care Team to establish a meal plan designed to meet the individual needs of each resident. The Dietitian is skilled in assessing your nutritional requirements and designing a meal plan to meet your specific needs (i.e. diabetic and health healthy diets). Also taken into consideration are your likes and dislikes as well as any other requirements including cultural requirements and weight management plans.

Hornepayne Community Hospital LTC Home

Hornepayne Community Hospital Long-Term Care Facility has 12 beds. We are attached to a 6 bed Acute Care Hospital and 1 Hospice suite, a 24 hour emergency room and a family medicine clinic with a fulltime Physician on staff. Our facility is a smoke-free environment that has basic accommodations, semi-private and private rooms. We have a central dining room with an adjacent lounge for activities and an outside courtyard while includes two gazebos and a cemented patio.

All direct patient care is provided by registered nurses, registered practical nurses and personal support workers that are available to provide assessment and consultation as needed. Our staff are responsible for communicating with your family and other care givers to ensure continuity of care is maintained. Our Family Physicians provide medical care and on admission will examine you and order any necessary medications, tests or treatment that you need. The Physicians are on call 24 hours a day, seven days a week to provide medical services as needed.

Our team provides care in an atmosphere that will help you feel safe, respected and important. We are committed to listening to your perspective and that of your family. We will provide you with the information you need and assist you to make decisions about your health and quality of life.

Services, Goods & Provisions:

- Nursing & personal care 24/7 hour basis - care provided by a Registered Nurse, Registered Practical Nurse and PSW providing, administration of medication & assistance with activities of daily living.
- Medical care that is provided by the attending physician as needed and regular rounds.
- Services of Allied Health Professionals provided on a consultation basis when deemed necessary by the health care team.
- All residents are reviewed Quarterly by a multidisciplinary team comprised of the Physician, RAI Coordinator, Physiotherapy, Activities, Behaviour Supports, Pharmacist, Dietician and Food Service Supervisor

- Satellite, Cable, Telephone and Internet

- The cleaning and upkeep of accommodations, as well as laundry service is provided.
- Suitable accommodation and seating for meetings of the Residents/Family Councils.
- Maintaining personal funds entrusted to HCHLTC by Finance Department (See Trust Accounts);

Accommodation Fees

As a provincially approved Long-Term Care home, the Hornepayne Community Hospital Long-Term Care Facility's rates are established annually by the Ontario Ministry of Health and Long-Term Care rather than by the Hospital. Rates are the same for all Long-Term Care Homes in Ontario. The Home has different classes of accommodations, and it is the resident's obligation to pay the accommodation fees.

Please follow link for current applicable fees:
